Project Information

Project Title Schroeder Bridge	Discretionary reroute w/ NEW BRIDGE	Number of Trail Miles
Project Description		

- For maintenance, include a concise statement of the type of maintenance activities and the type of grooming equipment used.
- For major bridge rehabilitation, describe the proposed construction items to rehabilitate the bridge.
- For trail rehabilitation, describe the repair and renovation activities necessary to improve the trail for user safety.
- For development, describe development activities and structures to be constructed.
- For development of intensive use areas; describe the need and expected use and method of operating and maintaining the facility.
- For Motorized Stewardship describe project **and source of matching funds**, narrative must include the source of the matching funds.
- Minimum Useful Life Agreement is required to be submitted with the signed grant agreement.

Juneau County is requesting funding to develop a new bridge over the Little Lemonweir River. The new bridge and trail re-route would lessen approximately 2 miles of road route and create a winding trail through forest, over a river, and along farm fields. We are proposing to install a new clear-span bridge that would meet DNR bridge construction guidelines, and span approximately 100 feet.
